## SUMMARY

Enthusiastic and dedicated ASP.NET Developer with experience in building Web APIs, authentication systems, and enterprise applications using ASP.NET Core 8.0, ADO.NET, and SQL Server. Holds BCA and MCA from Pandit Ravishankar Shukla University. Currently working at BECIL, contributing to government and enterprise projects including iOS app services, web portals, and website maintenance. Also brings hands-on experience in the MERN stack (MongoDB, Express.js, React, Node.js) and Angular, with proven ability to develop secure, scalable, and performance-focused web applications.

## SKILLS

- **Frontend :-** HTML5 , CSS3 , JavaScript , React.js , Angular CLI , Tailwind CSS
- **Backend :-** Node.js, Express.js, Asp.net web APIs, RESTful APIs
- **Database :-** MongoDB , SQL-Server
- **Tools :-** Postman , Git , Github , Wordpress
- **Cloud-Services:-** Microsoft Azure
- **Others :-** API Integration, Authentication & Authorization, JWT, Bcrypt , Payment Gateway Integration (Razorpay) and (Stripe)

## WORK EXPERIENCE

### BECIL (BROADCAST ENGINEERING CONSULTANTS INDIA LIMITED)

ASP.NET Developer • Mar 2025 – Present • On-Site

- Developed and maintained Web APIs in ASP.NET Core 8.0 using ADO.NET with SQL Server.
- Designed and implemented secure authentication systems with login, account lockout, and OTP verification.
- Built web services for the Manpasand iOS app and the backend for the SevaSuvudha app.
- Handled maintenance and feature enhancements for the Manpasand website.

### QUANTECH TRENDS PRIVATE LIMITED

Web Developer • Nov 2024 - Feb 2025 • On-Site

- Building responsive user interfaces with React.js and Tailwind CSS.
- Designing and implementing RESTful APIs and integrating with MongoDB and MYSQL for data persistence.
- Collaborating with teams to optimize performance and deploy production-ready code.

### CG STATE CENTER NIC RAIPUR • [Link](#)

Full Stack Web Developer Intern • Jan 2023 - Aug 2023 • On-Site

- Designed and developed a Leave Management System for higher education , utilizing Angular, Node.js, and SQL Server to streamline leave application, tracking, and approval processes.
- Collaborated with team members to optimize the system's performance, reducing load times and enhancing functionality to meet the specific needs of higher education environments.

## PROJECTS

### E-Fashion - Forever :- Online Clothing Store • [Link](#)

**Tech- Stack :-** MERN (MongoDB, Express.js, React.js, Node.js)

- Built "E-Fashion Forever," an e-commerce SPA with the MERN stack, supporting user registration, product browsing, add-to-cart, and orders.
- Developed secure RESTful APIs with Node.js and Express.js for authentication, product retrieval, and order processing.
- Created a responsive UI using React and Tailwind CSS, ensuring a smooth shopping experience across devices.
- Utilized MongoDB for efficient data storage and local storage for token management, enhancing user experience and security.

### Leave Management System for higher education • [Link](#)

**Tech- Stack :-** Angular CLI , Node.js , SQL-Server , Express.js

- Developed a Leave Management System using Angular, Node.js, Express.js, and SQL Server.
- Enabled efficient leave tracking and approval workflows for teachers and principal's.
- Designed a responsive, user-friendly interface for managing leave requests.
- Built RESTful APIs to handle leave requests, approvals, and status tracking.

## EDUCATION

### MCA (Master of Computer Applications)

Pandit Ravishankar Shukla University  
2021 - 2023

### BCA (Bachelor of Computer Applications)

Govt. Nagarjuna P.G. College of Science , Pandit Ravishankar Shukla University  
2018 - 2021

## CERTIFICATES

- Digital Marketing Certification
- High-End Workshop on Natural Language Processing with Deep Learning
- 6 Month Internship as web developer from NIC
- 2 Months Internship as Mern Stack Developer from Qodeit
- Microsoft Certified Technology Specialist in ASP.NET core MVC
